(Associated Press Telegram)  
Italian Headquarters on the Piave, Oct. 28 (Monday).—Fifteen thousand prisoners had been taken by the British, Italians and French up to late today in the advance across the Piave which for the third time in one year is the scene of a desperate battle. This time, however, the tables are turned against the Austrians who are steadily being pressed back from the eastern bank of the river.

American soldiers are in reserve along the Piave fighting zone. The correspondent saw an American battalion going through its "setting up" exercises this morning near the river. The battle now has been going on for five days and has been marked by the most desperate resistance by the Austrians. They have directed their artillery fire against pontoon bridges thrown across the Piave and their bombing airplanes also have caused trouble for the allies. The allies not only have had to battle against the swift river current, but also to contend with the removal of the pontoon bridges and foot bridges damaged by the Austrians.

Once across the river the allies have had to overcome strong Austrian trench positions and machine gun posts.

Austrian prisoners declare that they know nothing of the political situation at home and of their government's intention to arrange an armistice. The Austrian army postoffice is said to have stopped the delivery of mail some time ago.

Although facing a heavy cannonade and strong machine gun fire, the allied troops succeeded in effecting a crossing of the Piave. The British, Italian and French soldiers are in the best of spirits and eager to continue the advance.

All the roads leading to the mountains or the Piave are crowded with heavy masses of troops, guns and other war material proceeding to the front in orderly fashion. Whenever a staff automobile rushes by at 60 miles an hour, it is a common joke among the soldiers to exclaim:

"They are trying to beat us to Vienna!"

The present battle of the Piave began officially October 19, but heavy fighting did not develop until October 24, the anniversary of Caporetto and the beginning of the retreat to the Piave. The Italian official statements on the fighting have been reserved in their comments owing to weather conditions which threatened a rise in the Piave.

Thanks to the fair weather of the last two days the river has been left several miles behind in the region southeast of Montello.

Movements across the river in force are increasing steadily and the allied order notwithstanding the constant shelling from the Austrian artillery.

"We used to say that all roads led to Rome," said an Italian general, speaking of the new advance, "but now it appears that all roads lead toward the land of the barbarians."

Traffic has been so well organized that there has been scarcely any interruption. The vast network of roads leading to the plains of the Piave is filled with trucks carrying war material. Whenever a bomb or shell drops on the roadways, the debris is quickly removed and the road once again is clear.

SEVERAL VILLAGES  
FREED BY ITALIANS

(Associated Press Telegram)

Rome, Monday, Oct. 28.—The text of the Italian official statement reads: "The battle continued fiercely during last night and today and is in the course of the Twelfth and Eighteenth armies, in spite of the enemy's very lively opposition, we have maintained and extended our bridgehead. North of the Orto Torrent we gained advantages. East of Grave di Papadopoli, the enemy was attacked with extreme violence by the Fourteenth British corps and by the Tenth Italian corps and has yielded.

"Our troops have broken through the enemy's lines, liberated several villages and entered San Lucia di Piave and Vazzolo. They are at the gates of Montebelluna. We have captured prisoners and guns but the number has not yet been determined.

"In Albania our troops are closely pressing the enemy's rear guard on the morning of October 27 they entered Alessio. They are marching on San Giovanni di Nemus."

KING WATCHES ALLIES  
FORCE RIVER CROSSING

(Associated Press Telegram)

Italian Headquarters on the Piave, Monday, Oct. 28.—King Victor Emmanuel saw the allied soldiers make the difficult crossing of the Piave river. He was dressed, as usual, in a uniform made of the same material as that of the private soldiers.

The king was under the fire of the Austrian guns and was at various points where gas shells and shrapnel were falling. He spent much time near where there was a heavy bombardment to prevent the allied passage of the river.

BRITISH AIR MEN DO  
GOOD WORK IN ITALY

London, Oct. 29. (Italian offensive by Wireless British Service).—Reports describing operations of the British forces in Italy under Lord Cavan, pay high tribute to the brilliant and successful work of the Royal air force. From March 10 to Sept. 14 no fewer than 294 enemy airplanes were brought down and nine hostile balloons destroyed with a loss to the British of only twenty-four machines. The proportion of enemy machines destroyed for every British machine reported missing, it is pointed out, reveals the very striking superiority in airmanship of British pilots over that of the Austrians.

ONLY FIVE DIE;  
EPIDEMIC WANES

Health Officer Warns People to Use Greater Caution to Prevent New Outbreak.

The epidemic of influenza seems to be on the decrease for the past few days, and while conditions are improved Health Officer Knass cautions the people to be overly careful during this time, so the epidemic may die out entirely.

The number of new cases reported are growing less, and the death list today is probably the smallest of any time since the disease became prevalent in the city.

Three more deaths were reported at Camp Sherman—one of the men dying there being Edgar Orr of Thornville.

The 6-year-old daughter of Charles Ankrum of Hebron, succumbed, and a former Newark woman, Mrs. John McLaughlin of Columbus, died in that city of the disease.

The deaths in the city number five.

Orlo G. Yost, 28, of 217 Cambria street; Clarence L. Kinney, 35, 119 North Williams street; Wilbert Lane, 17, rear 20 Sixteenth street; and Joseph Sanitarium, Adam Stauffer, 49, 740 West Main street.

CLARENCE L. KINNEY  
DIES OF INFLUENZA

Clarence L. Kinney, aged 35, died at his home 119 North Williams street, at 7 o'clock this morning, following a week's illness of influenza. He leaves his wife and a 2-year-old son, Joseph, his mother, Mrs. Rachael Kinney and one sister Pearl of this city. Funeral arrangements have not been made.

11-YEAR-OLD GIRL  
VICTIM OF MALADY

Mary Cordelia Smith, the eleven-year-old daughter of Mr. and Mrs. Lou Smith of 63 West Avenue, died at 2 o'clock this morning, death resulting from a complication of diseases. Besides her parents she leaves two brothers and two sisters. One brother is in France and the other at Camp Taylor. The funeral will be held Thursday morning at 9 o'clock in the home and will be private. Rev. Father B. M. O'Boyle will officiate. Interment will be made in Mt. Calvary.

PNEUMONIA IS FATAL  
AFTER FLU ATTACK

Orlo G. Yost, 28, died at her home 217 Cambria street this morning at 4:30 o'clock. Death followed an illness of eight days of influenza and pneumonia. She was 37 years old and was the mother of two small sons, Gerald and Donald, his parents, Mr. and Mrs. John W. Yost of Akron, and four brothers, Charles of Granville township, Kenneth of Newark, Carl of Canton and Webster of Akron.

Laue had been employed at the machine shop at Wehrle's and was a member of the K. of P., Modern Woodmen, and Junior Order of American Mechanics.

The funeral services will be held Thursday afternoon at 1:30 o'clock. Rev. Mr. Kellogg of the West Newark Church of Christ officiating. Burial in Wilson cemetery.

MAN DIES; LEAVES  
WIFE IN RUMANIA

Gasco Rego, 37, living in Wehrle avenue, died at the Newark Sanitarium at 8:30 o'clock this morning, following an illness of pneumonia. He is survived by his wife, who resides in Rumania, and one brother, Coda Rego of Wehrle avenue. The deceased had been employed at the Wehrle company.

The body was removed to the Citizens' undertaking parlors, where funeral services will be held on Wednesday afternoon at 2 o'clock. Interment in Cedar Hill cemetery.

YOUTH SUCCEUMS TO  
INFLUENZA ATTACK

Wilbert Lane, the 17-year-old son of Mrs. Mary Lane, living in the rear of 26 Sixth street, died this morning at 4 o'clock after a six days' illness of influenza. Besides his mother he leaves a brother Arthur, who is in France. The deceased was a molder at Wehrle's. The funeral will be held Thursday morning. Burial will take place in Cedar Hill.

LICKING SOLDIERS  
MAY TAKE PART  
IN ITALIAN DRIVE

Local Men With 332nd Regiment Have Been Ready for Weeks

ALREADY MAY HAVE BEEN  
THROWN INTO BIG BATTLE

Were Sent to Italy for Moral Effect on King Emanuel's Army

Newark and Licking county soldiers with the 332nd regiment of infantry, trained at Camp Sherman with the 53rd division, may soon have a part in the great battle now being fought on the Piave river front, according to advices from the front and as interpreted in Washington. Associated Press dispatches both from the front and from Washington indicate the readiness of the American troops to take part in the drive.

The drive already has netted big gains for the allied forces in which Italian, British and French troops are taking part, with the American forces in reserve.

It has been known for some time that the 332nd regiment and auxiliary troops have been in Italy for their final training. Newark and Licking county boys with the organization have written home regarding the review of the American troops by King Victor Emanuel.

(Associated Press Telegram)

Washington, Oct. 29.—American troops are on the verge of active participation in the great war on the third major front. This was the interpretation given here today of news from the Italian front that American troops are standing in reserve behind the British and Italian forces now driving across the Piave.

The news is considered significant, not because of the size of the American contingent in Italy, or the direct effect it may have on the battle, but because it indicates that the Italian drive is a definite part of the great offensive that is rapidly bringing complete defeat to the central powers. It has added meaning to officials here, also, since Austria is now planning for an immediate armistice.

So far as official announcements show there are but two regiments of infantry and necessary auxiliary troops in the American force in Italy. These units and any other that may have been sent probably will operate as a part of one of the Italian or British organizations when the offensive comes to the front. The same practice was followed in France where two Italian divisions have been employed at various times on the front as units of a French army corps.

The sending of American troops to Italy was not with the idea of adding military strength; but to demonstrate the unity of command and purpose on all fronts. For that reason the force detached by General Pershing for this expedition is believed not to have exceeded a brigade of infantry at most. The artillery support contributed by the allies to the Italian front is largely British. Some American air units are in Italy and have participated in the work at the front.

Italian announcement today shows a total of 15,000 Austrian prisoners had been captured since the drive was started, showing that definite progress is being made and it is possible, officials here believe, that a breakdown of Austrian morale may develop at any time. While stiff resistance is reported from Rome, the number of captures on a very limited front appears significant.

BRITISH REPORT SHOWS  
GAINS MADE IN ITALY

(Associated Press Telegram)

London, Monday, Oct. 28.—Progress toward Oderzo, on the east side of the Piave river, is indicated in the official statement on operations by British troops in the Italian offensive, issued at the war office tonight. The statement reads:

"The attack of the Tenth army continued today and is progressing most satisfactorily. On the right the 11th Italian corps has reached the line of Roncadello, Ormelie, Tempio, Borgo, Bianchi and al.

"In the center, the 14th British corps is in touch with the Italians in the neighborhood of Rai, and has reached the line of Chonot and Ghamian and is one kilometer south of Borgo Milanotti.

"On the left the 18th Italian corps, which deployed last night in the rear of the 14th British corps, was attacked in a northerly direction and is making good progress.

"Reports of further captures of guns and men come from all corps."

SETS UP INDEPENDENT  
STATE IN HUNGARY

(Associated Press Telegram)

Copenhagen, Oct. 29.—An independent and anti-dynastic state has been formed in Hungary under the leadership of Count Michael Karolyi in agreement with the Czechs and south Slavonians, according to Vienna reports received by the Post-Express.

"Karolyi declared he had presented his program to Emperor Charles, who refused to accept it. Karolyi thereupon put into effect his plan for an independent state."

MAY CALL DRAFT MEN  
WITHIN THREE WEEKS

(Associated Press Telegram)

Columbus, Oct. 29.—Unless the Spanish influenza epidemic in the state assumes worse conditions, drafted men probably will again commence moving to the camps on November 15. State draft headquarters after a conference with officials of the state board of health have asked Washington to give approval to the dates selected. Approval of Washington is expected forthwith.

The Nov. 15 contingents are composed of 750 men to be sent to Cincinnati university and 110 to Akron university. The 4,000 contingent that was to have gone to Camp Wadsworth during the two-day period beginning October 21 will start moving on November 16 under the present arrangement. A new call for 2,273 general service men to go to Camp Sherman Nov. 16 also has been received.

It is expected that most of the men in these calls will be made up of old registrants.

ITALIANS CHEER AS  
TROOPS CROSS PIAVE

(Associated Press Telegram)

Italian Headquarters, Monday, Oct. 29.—People living in the war-zone are tonight surrounding the bulletin boards upon which the Italian press has been stating that the Piave river has been crossed and that the battle is still going on. There were many unprovoked addresses which were enthusiastically cheered by the civilians.

It is evident that the offensive is popular and has been warmly desired for many months, especially by the thousands of refugees who were driven from their homes last fall by the advancing Austrians.

OF AUSTRIAN TROOPS

(Associated Press Telegram)

Paris, Monday, Oct. 28.—(Havas)—Czech-Slovak deputies, in the course of an audience with Emperor Charles of Austria, asked that Austrian troops be removed from their portions of the empire and that Czech-Slovak regiments be returned, according to a dispatch from Vienna. It is said that they make it clear to the emperor that a direct refusal would cause the request was not granted.

GERMAN LOSSES ON  
LYS OVER 100,000

(Associated Press Telegram)

London, Oct. 29.—(British Wireless Service)—German losses in their unavailing offensive in the Lys river salient, last summer, were 14,000 killed, 6,000 prisoners and about 80,000 wounded, according to an authoritative calculation. The Germans in June prepared a great offensive and by the end of July had brought up enormous quantities of ammunition. The dumps extended to a distance of 15 miles and one of five miles by three miles the Germans abandoned 1,500 tons of ammunition.

Washington Does Not Believe Note Indicates Break With Berlin

THINK TEUTONIC ALLIANCE  
IS STILL IN HARMONY

Official Text Has Not Been Received Yet In Washington

(Associated Press Telegram)  
Washington, Oct. 29.—The new Austrian note asking for armistice and peace terms was received by cable today at the Swedish legation for delivery to the state department. The text is said to be identical with that cabled by The Associated Press from Basel, Switzerland, yesterday.

Word of the arrival of the note came just as the cabinet was assembling at the White House for the usual Tuesday meeting, at which both the new Austrian plea and the latest German note were expected to be discussed.

(Associated Press Telegram)

Washington, Oct. 29.—Interest in official circles was centered on the new peace note from Austria, reported in press dispatches to be on its way to Washington through the medium of the Swedish government. Though no official announcement has yet been made, it was considered as certain that no answer will be made to the latest communication from Germany delivered yesterday to President Wilson.

Though the Austrian note, according to the unofficial text, goes farther than have any of the German peace proposals in that it asks that the President begin immediate negotiations for peace and an armistice without awaiting further exchanges with Germany, many officials saw practically no signs of the expected break in the alliance of the central powers. In fact it is believed that the Vienna and Berlin governments are working in harmony and with a full knowledge of the other's actions. The belief was based largely on the fact that the actions of Austria have not thus far caused any visible resentment in Berlin.

The statement of the Austrian government that it adhered to the point of view expressed by President Wilson in his last communication upon the rights of the peoples of the dual monarchy, and of the Czech-Slovak and Jugoslav peoples, was regarded as the greatest concessions that Austria-Hungary could make—was considered as reflecting the chaotic conditions in the empire.

LONDON VIEWS NOTE  
AS FULL SURRENDER

(Associated Press Telegram)

London, Oct. 29.—Austria's reply to President Wilson is viewed here as an unconditional surrender. Although recognized as an event of intrinsically the greatest moment, denoting the breaking up of Hapsburg power, main interest in the situation lies in the effect it will inevitably have on the position of Germany.

"It removes," says the Telegraph, "any lingering doubt as to the total and irremediable defeat of Germany, for which, besides being most grave military misfortune, it involves ultimate crushing political defeat, so it destroys the monstrous fabric known as pan-Germanism."

The Chronicle says: "It completes the isolation of Germany, which, if it decides on a war of defense, must be prepared to meet invasion from the Austrian side, where the whole Italian army will be able to operate against it."

The Daily News likens the chaos in Austria-Hungary to that in Russia, adding: "Chaos may soon follow in Germany."

Emphasizing the serious consequences for Germany but reiterating, nevertheless, its former warning to the allies not to make the terms for an armistice such as to stifle Germany into resistance, the Post says:

"The note reminds Austria's plenipotentiaries to go with the white flag to Italian headquarters and when Austria-Hungary has been disarmed and her armies demobilized it will be for Italy and the allies to decide upon the terms."

SAY COUNT FAILS TO  
GAIN INDEPENDENCE

(Associated Press Telegram)

Washington, Oct. 29.—Diplomatic dispatches received here today based on advices from Budapest say Count Karolyi has failed in his attempt to establish an independent government in Hungary. Representatives of all the people because the Slav and Rumanian republics refused to join him. It is assumed that the Karolyi government referred to in Vienna reports through Copenhagen was set up without the support of the Slavs and Rumanians.

According to the Budapest dispatches the situation there is extremely serious. Peace treaties between the different nationalities of Austria and Hungary and the entente powers is considered unavailable.

What is reported as a "gigantic movement" has broken out. Its nature is yet only partially known, but it is said to be evident that the Magyar national council has proclaimed its dictatorship and that Count Karolyi is president of his body has been given the mission of making this decision known to Emperor Charles.

The young Magyars are forming a military organization and the people in the streets of Budapest are demanding the renunciation of the political alliance with Germany.

## YANKS NOT IMPRESSED WITH FRENCH GIRLS

At last we have discovered in America a soldier who has not taken for the charms of the French girls. Leroy Davis, Company K 33rd Infantry, 54th Division, writes his parents, Mr. and Mrs. Charles C. Davis, 280 West Locust street, that most of the women that he has seen so far make him ill. His letter reads:

"I arrived over here all O. K., and had a nice ride. Stayed in the hotel over night and the next day we walked quite a long distance to camp and you can bet we were all glad to put down our packs when we arrived at our destination. But we went from bad to worse in the line of camping quarters, as we are wading in mud up to our shoe tops (that is, in the camp grounds) but they have nice paved streets all through the town. I don't wonder that Earl didn't like it over here because about two thirds of the women would make you sick to look at them. I made the trip over here without getting seasick, but I had a hard time keeping my meals down for the first few days. How are all the folks at home any way? Hope they are all as well as I am. Only I don't want them to have the blisters on their feet that I have. You know we have worn our shoes for miles larger than our dress shoes, and we have been walking quite a bit since we landed, and the shoes were so loose they wore blisters on the bottom of my feet. Well, if nothing happens worse than that, I should worry. We are doing very well in the line of eating, considering the number they have to feed. Did you get the photograph I sent home to you the day I left Camp Mills, and I also suppose you received the card stating that I arrived O. K. overseas."

P. S. I think we will whip the Kaiser by Christmas."

## APPLES A PLENTY.

(Ohio State Journal)  
Curious as it may seem, reported in the West, where the apples are so plentiful that it is impossible to get labor to gather them, so the fruit is left on the ground to rot or be fed to the hogs. What a sad condition the situation out West with our apples here in Ohio where we have to pay 15 cents a pound for apples. One naturally remembers the good old time when apples sold from wagons at your door at 25 cents a bushel, and when there were barrels and barrels of them in the cellar or the smokehouse where one could help himself to as many as he wanted. And what a variety of apples had to pick from—russets, greenings, Bellefleurs, sheep noses, rambo, and so forth—these kind of apples were made of. At long to think he has to pay 15 cents a pound for what the hogs are getting their fill of out in Kansas for nothing. "Oh, hard times come again to haunt us."

## PRUNE COMES INTO ITS OWN

Has Won Official Recognition as Confection Worthy of Being Served to Fighting Men.

In the piping times of peace the prune was the butt of cheap wits and the bane of the boarder. Now when the acid test of utility and palatability is applied the despised prune steps into the preferred class—at least on the American army bill of fare. It has won its way solely on its own merit. The counts in its favor are food value, tonic value and value as a confection. It nourishes, stimulates, and delights.

The surgeon general of the army himself testifies to the loyal and helpful support of the once belittled fruit. He has added his recommendation to the approving report of the subsistence division. This report tells us that out of the 1917 crop 20,000,000 pounds of prunes have been consumed by our fighting men. Based on size fifty-five, which is the trade designation of the average prune, the total number consumed would be 1,000,000,000. Placed side by side it is quite possible that this total of prunes wouldn't reach from the American trenches to Berlin, but each prune, no doubt, is doing its best to help the Yankee fighters cover the distance.

There would be a sort of poetical justice in the circumstance if the cheerful idiot and the other boarders whose table wit lingered longest about the patient prune could meet it over there in Flanders and in Picardy and find it honored and extolled as the food of fighting men.

## WAGE WAR ON GRASSHOPPERS

California Authorities Devising Ways and Means to Protect Agricultural Lands From Pest.

County horticultural commissioners throughout California have been asked to forward information on the grasshopper pest reported prevalent in a number of districts, particularly in northern California, to George H. Hecke, state horticultural commissioner.

Fragmentary reports received at Hecke's office have indicated that large swarms of grasshoppers have infested agricultural districts in Sutter, Modoc, Lassen, Butte and other counties and have caused considerable damage to crops.

One of the best methods of extermination, an official said, is the spreading of poisoned bran mash, which the hoppers devour quickly. Burning of the grass also is an effective means, but the fire menace at this season necessitates the exercise of greatest caution.

Harrowing, by which means the eggs of the hoppers are brought to the surface to be eaten by ants or other insects and flooding the ground also are advocated to prevent hatching.

The enforcement of laws for the curbing of pests is vested in the county horticultural commissioners, but in cases where the menace to crops is extensive the state commission co-operates in a concerted campaign of extermination, as was done this spring when the state-wide rodent drive was conducted.

## Cyclist in Spectacular Feat.

An army motorcycleist at one of the training camps recently averted the death of a young lieutenant by a most extraordinary feat of heroism, says Popular Mechanics Magazine. Racing at high speed across rough ground, he drove his machine into a runaway parachute that was dragging the officer to his death. The latter had made a practice parachute jump of 2,000 feet from an observation balloon. A high wind had carried him a considerable distance, and in landing he became hopelessly entangled in the cordage. The parachute was caught by a strong air current and blown at terrific speed across the field, pulling its helpless prisoner with it. At the same instant the cyclist, passing along a nearby motor road, saw the officer's plight. He swerved his machine into the field and raced at top speed squarely into the middle of the belled parachute. The ropes fouled the machine and the weight of the latter anchored the derelict against further movement.

War Gas Causes Appendicitis. The various poison gases so much in use at present at the European battle zone are not only breathed, but are swallowed. This might seem strange at first, but the likelihood of swallowing some amount of a gas impregnating the atmosphere may readily be seen. This might take place incidental to the intake of food and both to normal and convulsive actions of the throat. Such swallowing of toxic vapors causes a variety of digestive disturbances, according to the amount of gas ingested.

According to an article in the Journal de Medecine et de Chirurgie, Pratique, appendicitis has been found caused by swallowed gas, especially when the gas contains chlorine. The progress of the malady was rapid, but rather mild, and treatment was effective.

Sorghum Making. They are calling it "cane syrup" now, but it is the same old sorghum of Confederate war times—and just as good as of old. Reports in the state papers indicate that the output of home-made sweetenin' this season is going to be a record breaker, and this makes largely for independence of sugar on the farms and likewise in town, for the farmer who includes a jug of sorghum in his load of produce stands in no danger of failure to empty the jug.—Charlotte Observer.

Peace hath her victories, but they always come first.

Try Making Your Own Cough Remedy

You can save about \$2. and have a better remedy than the ready-made kind. Easily done.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2 1/2 ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never fails.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle, and heals the sore, irritated membranes so gently and easily that it is really astonishing.

Pinex's use will usually overcome the ordinary cough and for bronchitis, croup, whooping cough and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded.

## Standers, Walkers, "Gets-It" For Corns

WORLD HAS NEVER KNOWN ITS EQUAL.

"What will get rid of my corn?" The answer has been made by millions—there's only one corn-remover that you can bank on, that's absolutely certain, that makes any corn on earth

Corn-Pain Is Eased—the Corn Is Doomed!

peel right off like a banana skin—and that's magic "Gets-It." Tight shoes and dancing even when you have a corn need not disturb you if you apply a few drops of "Gets-It" on the corn or callus. You want a corn-remover, not a corn-fooler. You don't have to fool with corns—you peel them right off with your fingers, by using "Gets-It." Cutting makes corns grow and bleed. Why use irritating salves or make a bundle of your toe with tape or bandages? Why putter and still have the corn? Use "Gets-It"—your corn-pain is over, the corn is a "goner" sure as the sun rises.

"Gets-It" the guaranteed, money-back corn-remover, the only sure way, comes but a trifle at any drug store. Sold by E. Lawrence & Co., Chicago, Ill. Sold in Newark and recommended as the world's best corn remedy, by T. J. Evans W. A. Eiman, City Drug Store, C. T. Becker.

WORTH OVER TEN TIMES ITS COST

**Says Queen City Woman in Relating Her Experience With Tanlac.**

"Tanalac has built me up wonderfully and has been worth more to me than ten times its price," said Mrs. George Glinckh, 1435 Central avenue, Cincinnati, Ohio.

"I got so run down before I took Tanlac that I felt weak and nervous and that I did a little extra work I'd just tremble and would have to sit down and rest. I got thin and didn't have any color at all.

"I didn't have a bit of ambition to do any work or anything else and I just dragged around.

"My appetite was poor, too, and I didn't care a bit for anything to eat no matter how good it looked to me.

"Somebody told me that I ought to try Tanlac and so I did. Tanlac has built me up. I'm not so nervous and I took a whole lot healthier now. I don't tire out like I did before.

"My appetite has come back too, and I'm ready to take most any time.

"I took four bottles of Tanlac in all and it has made me feel as well as I ever did."

Tanalac may be obtained in Newark at Brannan's Arcade Drug Store, Tanlac may also be procured at the Evans Pharmacy (Warren Hotel block, east side of square, Newark) and the Hebron Drug Store, Hebron, O.—Adv.

TODAY'S BEAUTY HINT

It is not necessary to shampoo your hair so frequently if it is entirely and properly cleansed each time by the use of a really good shampoo. The easiest to use and quickest drying shampoo that we can recommend to our readers is one that brings out the natural beauty of the hair and may be enjoyed at very little expense, by dissolving a teaspoonful of Canthrox, which can be obtained from any drug store in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just to the top of the head. This, when rubbed into the scalp and onto every strand of hair, chemically dissolves all impurities. It is soothing and cooling in its action, as well as beneficial to both scalp and hair. After rinsing out the lather so created, you will find the scalp is fresh, clean and free from dandruff, while the hair, dries quickly and evenly, developing a bright luster and a soft fluffiness that makes it seem very heavy.

FOR HEAD COLDS, PLEURISY AND TONSILITIS

**Use Racorn's FORKOLA**

Thousands have successfully used it to cure coughs, chest colds and sore throats overnight without stomach dosing.

Gives an end to lumbago, neuralgia, neuritis. Stops rheumatic pains and reduces swollen joints with a speed that is amazing.

Never be without this great household remedy, for there is nothing better for sprains, strains, sore muscles, swelling, bruises, stiff neck and backache.

Be sure it's FORKOLA, 25 cents and ten cent sizes, and bear in mind that every drug store will refund purchase price to any dissatisfied user. Evans' Drug Store can supply you. (Adv.)

VEGETABLE TEA FOR CONSTIPATION

Thousands of families brew it at home and keep well.

Sick headache, nervousness, sallow skin and drowsiness are usually caused by constipation and can easily be conquered by the use of Dr. Carter's K. and B. Tea.

Brew it at home the same as you would the regular mealtime tea, but make a cupful just before you go to bed.

A small package will last a long time and any druggist will tell you that he has been selling it for years and that many people suffer by it. Drink it for inactive liver and clogged up bowels. You'll like it.

Being purely vegetable and gentle in action, it is fine for children and nearly all of them like it. (Adv.)

RHEUMATISM LEAVES YOU FOREVER

**Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starved and the System Within Twenty-four Hours.**

Every druggist in this country is authorized to say to every rheumatic sufferer in this vicinity that two bottles of Allenru's, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with every ache and pain of rheumatic pain, he will gladly return your money without comment.

Allenru has been tried and tested for years and the results have been accomplished in the most severe cases where the suffering and agony was intense and the patient was helpless.

Allenru relieves at once immediately after you start to take it the good work begins. It searches out the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidneys and bowels. Messed relief often comes in two days, and even in cases where the suffering is most painful all traces disappear in a few days. Evans' Drug Store and Mykranitz Co. can supply you.

SICK HEADACHE GOES QUICKLY

End that distressing sick headache that leaves you feeling miserable with a laxative tea that won't fail.

**CELERY KING**

Is what you need. Splendid for liver and bowels, to meet stomach food and constipation. Same old remedy in the same old box.

BEST FOR BACKACHE, RHEUMATISM, LUMBAGO

**Wonderful 20th Century Lintment Can Now Be Obtained All Drug Stores. Is Guaranteed.**

The shooting, tearing pains of Neuralgia, Sciatica and Lumbago are speedily relieved while Headache, Toothache and Earache simply flee. Heavy colds and sore throats that threaten pneumonia and tonsillitis may be cured in a single night—and not only in a single night—but in a practically any painful condition.

There's nothing injurious in 20th Century Lintment. It contains such well known remedies as Camphor, Menthol, Eucalypti (in non-colorable form) and many other ingredients prescribed by the highest medical authorities in the land, things that bring soothing relief and real joy to sore and aching muscles.

Step into the nearest drug store or stop on your way home at your druggist and get a bottle. If results are what you want make an effort to get it.

INFLUENZA PRECAUTIONS

Don't get excited when you catch cold and have symptoms of influenza. Take things as easy as you can. Send for your doctor and take a dose of good vegetable laxative, such as Dr. Carter's K. and B. Tea or Celery King. It is most important that the bowels act freely.

While waiting for the doctor rub Mustarine on throat and chest. This is good advice as any druggist will tell you and besides stopping the aches and pains that may be present will subdue the internal inflammation.

Doctors prescribe Mustarine for Tonsillitis, sore throat, pleurisy, bronchitis and chest colds. Just rub it on. It will not blister and it is far better than a mustard plaster and is always ready to use.

STOPS PAIN MUSTARINE

Pvt. Wilford E. Kauffman, Musillon.  
Pvt. Joe Bernotes, Akron.  
Prisoner, previously reported killed in action, Private Thomas P. Stone, Lockland, O.

Twenty-two citations for distinguished service crosses are made among them being the following Ohio men, including those from Columbus and Zanesville:

First Lieutenant Edward V. Rickenbacker, A. S. 24th Aero Squadron; for extraordinary heroism in action near Montsec, France, April 29th, 1918. Lieutenant Rickenbacker attacked an enemy Albatross monoplane and after a vigorous fight, in which he followed his foe into German territory he succeeded in shooting it down near Vigneulles-Les-Hatons, France. One avengeful bullet is awarded Lieutenant Rickenbacker for each of the following acts of extraordinary heroism in action: On May 17th, 1918, he attacked three Albatross enemy planes, shooting one down in the vicinity of Richemont, France, and forcing the others to retreat over their own lines. On May 22nd, 1918, he attacked three monoplane Albatross planes, 4,000 meters over St. Mihiel, France. He drove them back to German territory, separated one from the group and shot it down near Flirey. On May 28th, 1918, he sighted a group of two battle planes and four monoplane planes, which he beat in a vicious dogfight, shooting down one and dispersing the others. On May 30, 1918, 4,000 meters over Jaulny, France, he attacked a group of five enemy planes. After a violent battle he shot down one plane and drove the others away. Home address—Mrs. William Rickenbacker, 1324 East Livingston avenue, Columbus, Ohio.

First Lieutenant Walter L. Avery, A. S. 25th Aero Squadron, for extraordinary heroism in action north of Chateau Thierry, France, July 25th, 1918. While on his first patrol over the enemy's lines, Lieutenant Avery attacked an enemy two-seater biplane. He drove it back to German territory, attacked by another enemy plane, but by a quick turn, skillful maneuvering and accurate shooting he drove the second plane to the American side of the lines, where it crashed into the ground. Lieutenant Avery's motor had been badly damaged by bullets, but he had a successful landing back of our lines, where he learned that the enemy pilot, who had been made a prisoner, was a German and credited with sixteen victories. Lieutenant Avery's conduct was especially commendable because his plane had been seriously damaged at the beginning of the combat. Home address—Mrs. Avery, 1139 Frank avenue, Columbus, Ohio.

First Lieutenant Fred W. Norton, A. S. 27th Aero Squadron, deceased, for extraordinary heroism in action in the Toul sector, France, on July 2nd, 1918. Lieutenant Norton as flight commander, led a patrol of eight machines, the first large American formation to encounter a large German patrol. His command gave battle to nine enemy battle planes, and completely destroyed two of the enemy planes. Although both of his guns jammed at the beginning of the fight and were, therefore, useless, Lieutenant Norton stayed with the formation, skillfully maneuvering his machine to the best advantage. He was attacked by enemy planes four different times, but skillfully avoided them or dived at them. His continued presence was a great moral help to his comrades. He destroyed two of the enemy planes. On July 23rd, 1918, this officer did four wounds received in action July 20, 1918. Home address—Mrs. Frank Norton, 112 West First street, Columbus, Ohio.

First Lieutenant Louis G. Bernheimer, A. S. pilot. Home address—Sidney Bernheimer, 138 Second-second street, New York City.

Second Lieutenant John W. Jordan, A. S. observer. Home address—E. E. Frylorgers, 1010 Hyde Park Hotel, Chicago, Ill.

Second Lieutenant Roger W. Hitchcock, A. S. pilot; since reported killed in action. Home address—Mrs. Roger W. Hitchcock, wife, Bernard, Apartment 10, Los Angeles, Calif.

Second Lieutenant James S. D. Burns, 165th Infantry, observer, deceased. Next of kin—Mrs. Zias Burns, mother, 124 Featherbed Lane, New York City.

First Lieutenant Joel M. McClelland, A. S. pilot, deceased. Next of kin—Mrs. J. W. McClelland, father, Farmers Branch, Texas.

Second Lieutenant Charles W. Plummer, 101st P. A. observer, deceased. Next of kin—Henry W. Plummer, R. F. D. No. 4, Patomaga, New Bedford, Mass.

First Lieutenant Phillip R. Babcock, A. S. pilot. Home address—Susan P. Babcock, mother, 1414 1/2 E. 12th street, Columbus, Ohio.

First Lieutenant Joseph A. Palmer, 15th P. A. observer. Next of kin—Mr. John N. Palmer, father, 310 McIntyre avenue, Zanesville, Ohio.

For extraordinary heroism in action near Flines, France, August 11th, 1918. Under the protection of three pursuit planes, each carrying a pilot and an observer, Lieutenants Bernheimer and Jordan, in charge of a photo plane, carried out successfully a hazardous mission. They flew over the enemy's lines to the River Aisne. The four American ships were attacked by twelve enemy battle planes. Lieutenant Bernheimer, by coolly and skillfully maneuvering his ship, and Lieutenant Jordan, by accurate operation of his machine gun in spite of wounds in shoulder and leg, aided materially in the victory which came to the American ships and returned safely with thirty-five valuable photographs.

The pursuit plane operated by Lieutenants Hitchcock and Burns was disabled while these two officers were fighting effectively. Lieutenant Burns was mortally wounded and his body jammed into the controls. After a headlong fall of 2,500 meters, Lieutenant Hitchcock succeeded in regaining control of his plane and piloted it back to his airfield. Lieutenants McClelland and Plummer were shot down and killed after a vigorous combat with five of the enemy's planes. Lieutenants Babcock and Palmer, by gallant and skillful fighting, aided in driving off the German planes and were responsible for the successful execution of the photographic mission.

EPIDEMIC OFFERS OPPORTUNITY TO BE OF SERVICE

The present epidemic offers to Christian people a wonderful opportunity for true missionary work. There are so many families in this city who need some active assistance, not money, or clothing or food so much, but help in the home. Help to cheer the sick; help to put the house to rights each day or to prepare simple food for the sick. It is a splendid opportunity. Hospitals are overrun; hospital help is exhausted; physicians are sacrificing themselves; nurses are sick and overworked and scarce. So it remains for the neighbors to help out.

It has been requested that visiting be discontinued and this is wise. But helpers are always welcomed by both the patient and physician. And this could not be a better time for those who are followers of the Great Physician, who went about doing good, to, in a limited way, emulate His example. Now is our opportunity to be a real "good Samaritan" and "pour in oil and wine" upon the distresses of our neighbors.

Those who undertake work of this kind need to take the proper precautions to protect themselves. Such external precautions as wearing a mask in the sick room; gargling the throat with an antiseptic mouth-wash; using antiseptic ointment in nostrils; etc., are necessary. Internal precautions must not be neglected. Avoid stimulants and narcotics like intoxicants and cigarette smoking. Avoid overeating, and the use of indigestible foods. Avoid overwork. These lower the vital resistance and break down the natural defense of the body. These measures habitually observed renders one practically immune from all infection. Anyway a good soldier of Jesus Christ, like those in the service of our country, does not shun danger whenever he is needed. J. D. M.

U-BOAT ACTIVITY IS REDUCED; SEE TRICK

(Associated Press Telegram)

A London, Monday, Oct. 28.—Reports of German submarines being recalled to home ports, coupled with comparative inactivity on the part of the U-boats, are being discussed by admiralty officers here.

It is not believed that Germany has abandoned her submarine warfare. The view, officially expressed, is that Germany in checking the operations of her submarines, hopes to lend weight to the evidently inspired reports that she is withdrawing them. It is possible Germany expects to create a better feeling in America by this procedure and doubtless plans to bolster the waning morale of the submarine crews by demanding less of them.

At the admiralty it is believed that if the inactivity continues, most of the submarines will be withdrawn temporarily, the men will be given leave and the boats will be repaired preparatory to the last great effort on the part of Germany. One admiralty officer says: "If the war continues, you may expect the submarine menace to be as great, if not greater, by January than any with which we have as yet had to deal."

Don't Torture Your Child!

TO MOTHERS! See your little one's terror at the very thought of a dose of castor oil, mineral oil, calomel or pills. Ugh!

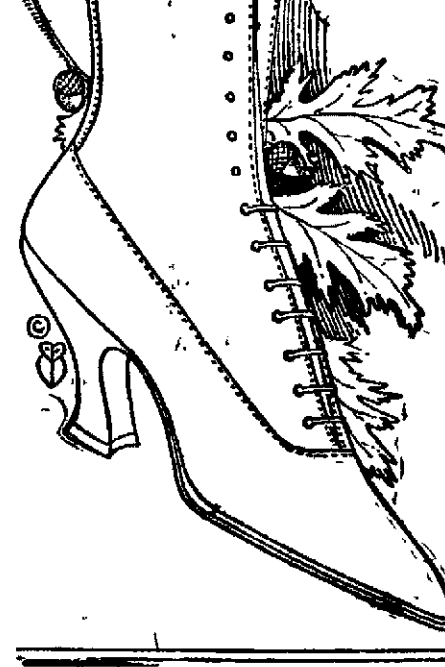

Cascarets "work" better, safer, surer on the tender little liver, stomach and bowels, besides Cascarets taste like candy. Even bilious, constipated, sick kiddies coax for this harmless candy cathartic.

Each 10 cent box of Cascarets, the pleasant candy cathartic, contains directions and dosage for children aged one year old and upwards. When the little one's tongue turns white, breath feverish, stomach sour, there is nothing better to "work" the nasty bile, souring food and constipation; poison from the child's system. Give Cascarets, then never worry.

## VOTE FOR ASHBROOK.

It was remarked by the Advocate last spring, that the results of our war preparation would be apparent before the fall election. Six months ago the country was impatient over delays in the war work. Some people failed to reflect that the transportation of a peace loving nation into a war making one could not be accomplished in a day or a year.

But faith was expressed that the fall campaign in France would see the results of American power and the outcome has proved it. We have placed an enormous force in the field, greater than anyone expected to see at this date. They are all armed and equipped. The army is as well provided as any army on the front, in many respects better.

A series of tremendous defeats has now been inflicted on the Hun armies. Few of us dared to hope for any big advance before the spring of 1919. Instead the Germans have been continuously on the move since July 18. The retreat grows more hasty as the days go on. Already one-fourth of the German artillery is in allied hands. The shutting in of winter should see the Huns nearly driven to their boundaries.

America has supplied the force needed to give the push. Our allies have fought nobly, but never could have done it alone.

The men in charge of army affairs at Washington have made good. They have accomplished the results asked for, and more than we expected. Why not then show our confidence November 2 by returning to power about the same men. Every good American will demand that each congressman must be a loyal supporter of the war. That can be accomplished without shifting party control of congress. Representative Ashbrook's record is clean. He is a loyal supporter of President Wilson. Vote for Mr. Ashbrook to be returned to congress next Tuesday.

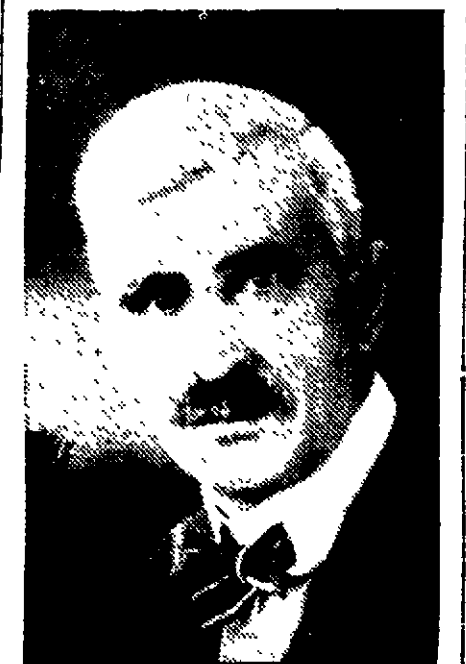

## CHANGED COLLEGES.

A letter from a college professor reports that the only thing recognizable at the colleges this fall is the buildings. The students have or will have shortly the appearance of soldiers in their ranks. The professors find themselves unspaced, their cherished branches

## CANDIDATES FOR COUNTY COMMISSIONER.

J. C. Butt, J. E. McCracken and Charles D. Lake, are seeking reelection to the very important office of county commissioner. Since assuming office these gentlemen have demonstrated their fitness to handle the affairs of the county by applying the same methods of business in conducting the affairs of the county as they have used in their private affairs, with the result that it has rebounded to the credit of the tax payer, and hundreds of dollars have been saved in various funds.

Mr. Butt was born in Monroe township and has resided there all his life.

J. E. McCracken.

He has followed agriculture pursuits and resided on the farm with two daughters and two sons. One of his sons is now on the firing line in France. Everybody having business at the court house knows genial Jack Butt. He always has a pleasant word and a kindly greeting for all. He is a consistent booster of good roads and has the hearty support of all motorists and owners of any kind of a vehicle, for they know that he is constantly working in their interests.

J. E. McCracken is one of the best known farmers of Hopewell township, where he has practically resided the greater part of his life. After attending the township school he took up the

of study set aside, their time taken up with duties incidental to war work.

Some anxious people are fearful that this condition is to continue, and that our institutions of learning will be devoted to propagation of militarism. They need have no anxiety, the colleges must serve the greater needs of the hour. If the cause of humanity demands instruction in the art of making war, they must give that instruction and all else must stand aside. But the effect of the war will be to increase the demand for the higher education rather than lessen it. We are just beginning to realize that we need more highly trained men than ever before.

No, Gladys, the Boys Pig Club is not the bunch of kids out playing in the dirt.

## CONDITIONS OF ARMISTICE.

(Philadelphia Record)

The "military advisers" whom the German note says the Government expected from the outset to determine the conditions of the armistice, are the military advisers of the Allies—Marshall Foch and the Supreme Military Council—for the President's note specified the military advisers of the Allies. The German note does not say "military advisers of the Allies," for it must be read at home as well as in Allied countries; but there is no doubt what military advisers Berlin expects to fix the conditions of armistice.

Practically all military advisers may be considered as one man, the generalissimo. Foch has 2,000,000 Americans. He can't have less than 3,000,000, and more probably 4,000,000 of British and French on the Western front, with Belgians and Portuguese and Italians for good measure. He has two men, and very likely more than two, for every German soldier on the western front. He has had three months, and is entering upon the fourth, of the greatest campaign in the history of the world. The most momentous victory in human annals is in his grasp. His own country has suffered more than any other victim of Germany except Belgium. France feels that it would have fought in vain if Alsace-Lorraine were not restored to it. We have not the slightest fear, therefore, that he would name conditions of armistice that would afford Germany the slightest hope of getting back into the fight if the peace terms proved repulsive, or that would encourage Germany to suppose it could talk the Allies into concessions.

When the armistice was first asked for it was reported that Marshal Foch had advised the Supreme Military Council to grant none unless Metz, Strassburg and Colmar should be surrendered to the Allies. This would give the Allies two fortresses in the West. France and Alsace-Lorraine would be left in the hands of the Hohenzollerns, but the German people would never believe his promises or die for him again.

## THE LAST ANSWER.

(Ohio State Journal.)

It will not take much space to editorialize on President Wilson's answer to Germany's last note, which amounts to this: The Potsdam gang will have to get out or there will be no peace. It is simply the mouthpiece of Hohenzollernism and military autocracy, which make peace impossible. There is all there is to it and that is all there need be to it. If the Potsdam gang is not overthrown the boys have died in vain.

profession of teaching and followed it for a number of years, leaving it to engage in agriculture. He is also married and the father of four daughters. Mr. McCracken is also a good roads advocate and is constantly on the alert

C. D. LAKE.

to boom any proposed improvement which may assist materially in further advancing the reputation of the county for its splendid highways.

Charles D. Lake, the member of the board from this city, is possibly one of the most widely known men in the county, due to the fact perhaps that he was engaged in the livery business in this city for a period of fifteen years. He was born and reared in Hopewell township and also resided in Franklin township for fifteen years. He too followed farming as an occupation until coming to Newark in 1901. Like the other two members of the board he favors all good road projects and is especially active in their behalf, for he knows by experience what a poor highway means to the farmer. Mr. Lake is also married and lives in Hudson avenue.

Messrs. Butt, McCracken and Lake come before the voters of Licking county with a clean record. They have made not only popular officials but efficient and painstaking officers for the tax payers whom they represent.

## B. V. WEAKLEY.

B. V. Weakley is the Democratic candidate for treasurer of Licking county. He was born and reared on a farm and has been a life long resident of Licking county. He followed the occupation of farming and was also a school teacher for a number of years. Mr. Weakley was appointed deputy treasurer by the present incumbent of

B. V. WEAKLEY.

that office Mr. W. H. Miles and has made a splendid official. He is courteous, affable and makes friends of all with whom he comes in contact.

He is competent in every way and well qualified to fulfill the functions of the office which he seeks and will faithfully and conscientiously attend to the duties of the office if the voters of the county elect him to that very important position.

Mr. Weakley was paid a splendid compliment when the primaries were held and it developed that he would have no opposition. His fitness for the office was recognized and he has been frequently commended for the manner in which he keeps his records. The tax payers of the county can make no mistake by supporting Mr. Weakley in his candidacy and using their influence in his behalf on election day. He promises a faithful discharge of the duties of the office and he has demonstrated in the past that he can be relied upon.

## LUDENDORFF.

(Cleveland Plain Dealer.)

A nation's gratitude seldom goes out to a defeated general. Regardless of his past services a leader who cannot bring victory is discarded. Grand Duke Nicholas, after his monumental retreat which saved the armies of Russia from destruction and proved his transcendent military ability, was punished by being banished to the Caucasus. And now Ludendorff, quartermaster general of the Imperial German army, whose genius has saved the Germans on many desperate situations during the last three months, is said to have "resigned." "Resignation" in Ludendorff's case may be accepted as synonymous with dismissal.

Of all the German commanders Ludendorff is unquestionably the ablest. Hindenburg, Falkenhayn, Mackensen have proved themselves brilliant leaders of dash and offensives. Ludendorff, in Germany's hour of direst peril, has successfully extricated the western

They handle all county affairs and they ever have borne in mind the tax payers' interest when it came to a distribution of county funds entrusted to their care.

The present board of commissioners has accomplished one thing alone which ought to commend them to the voters of the county and that is the promotion of the Mt. Vernon road improvement and the doing away with the dangerous railway crossing along the B. & O. tracks. For years attempts have been made to have this improvement inaugurated but without success, and now it is a reality, for the

J. C. BUTT.

work of grading is under way by the contractor and in a short time the road will be one of the great important improved highways of the state. Think this over Mr. Tax Payer and Mr. Voter and then do them a favor in return for what they have been doing for the residents not only of their own county, for thousands of others who will use the highways will also be benefited.

A vote for Messrs. Butt, McCracken and Lake means a continuation of the good road policy. It also means that the same painstaking method in the conduct of office will be followed for two years more. No mistake will be made in returning these men to office.

armies of the empire from positions of gravest danger, and his kept them intact despite the heavy losses incidental to an immense retreat. Ludendorff's retreat has been far more creditable to Prussian military skill than any German offensive since the beginning of the war.

It is, of course, possible that Ludendorff is really quitting voluntarily. Such an explanation is extremely unconvincing. The Kaiser could command the general to "stick." Instead, the Kaiser accepts the resignation with thanks and alacrity.

The elimination of Ludendorff may be interpreted as a development favorable to the allies. It is scarcely likely that his successor will be equally skillful in keeping the German armies intact during the difficult days that are at hand.

## Spirit of the Press

**Growth of Danish Sentiment.**

The big bully is down and pretty nearly out, and all the little fellows whom he has been abusing with impunity now pluck up the courage to demand their rights. Every one who ever had any knowledge of the fact has long ago forgotten the agreement that certain districts of Schleswig were to have been accorded the privilege of voting to determine whether they should remain with Germany or return to Denmark. If the election is to be held now, it will be a surprise to the Danish sentiment which is the one and only sound means of finance, and no one has done his full share unless he has either increased his production or decreased his consumption in proportion to the growing output required to meet current military expenses. Exactly what he can and should do in each case is a matter which no one but the individual himself can determine after giving due regard to his own special position.—New York Journal of Commerce.

**Each One Knows Best.**

This is not a favorable time to fix the mind too minutely upon the share or quota of war cost which belongs to any particular person or community. Each is called upon to do his utmost and nobody desires that he should try to do more than that. Actual saving and the use of the saved funds for the support of the government is the one and only sound means of finance, and no one has done his full share unless he has either increased his production or decreased his consumption in proportion to the growing output required to meet current military expenses. ## "MY DOCTOR'S GONE"

To the War—Why Not Use the Good Proprietary Medicines?

The ingredients of good prepared or proprietary medicines are those used by successful physicians in prescriptions. In most cases they are better combined in prepared medicines, which are produced in a large way, with the best pharmaceutical facilities, than they can be otherwise.

In the absence of the doctors who have heroically gone to war, Hood's Sarsaparilla, Dr. Williams' Pink Pills, and Hood's Kidney Pills, the gentle cathartics, all of which have great merit, are more and more used in diseases of the blood, nerves, stomach, liver, kidneys and bowels. Less than a quarter of a century ago: little or no effort was expected of the average woman and her quiet pursuits demanded far less strength, energy and endurance than now.

DR. FERDINAND KING, New York Physician and Medical Author, says: "Physicians should prescribe more organic iron—Nuxated Iron—to supply the iron deficiency. Opinions of Dr. James Francis Sullivan, former Physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, Dr. A. J. Newman, former Police Surgeon of Chicago, and other physicians who have thoroughly tested the value of Nuxated Iron.

Any woman who tires easily, is nervous or irritable, or looks pale, haggard and worn, should at once have her blood examined for iron deficiency—administration of simple Nuxated Iron will often increase the strength and endurance of weak, nervous, careworn women in two weeks' time.

Refining processes have removed the iron of Mother Earth from not a woman but who stands ready to serve her country and do a man's work if needed. But to meet the strain she must be full of the life vim and vitality that come from having plenty of iron in the blood.

Dr. Schuyler C. Jacques, former Visiting Surgeon of St. Elizabeth's Hospital, New York City, said: "I have never before given out any medical information or advice for publication, as I or others do not believe in the case of Nuxated Iron I feel I would be remiss in my duty not to mention it. I have taken it myself and given it to my patients with most surprising and satisfactory results. And those who are quick to increase their strength, power and endurance will find it a most remarkable and wonderfully effective remedy."

Dr. James Francis Sullivan, formerly Physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, says: "Thousands of persons go on suffering year after year, doctoring themselves for all kinds of ills, when the real and true cause underlying their condition is simply a lack of sufficient iron in the red blood corpuscles to enable Nature to transform the food they eat into brain, muscle, tissue and brain. But because of the lack of iron, the brain, muscle, memory fails, and often they become weak, nervous, irritable, despondent and melancholy. When the iron goes from the blood of women the roses go from their cheeks."

"In the most common foods of America, the starches, sugar, table syrups, refined polished rice, white bread, soups, crackers, biscuits, macaroni, spaghetti, tapioca, sago, farina, degenerated cornmeal, no longer is iron to be found.

That John Keats was born in England October 29, 1795? He was apprenticed to a surgeon when quite young and afterward "walked the hospitals" in London, and passed a medical examination successfully. But when he engaged in the practice of medicine, the poet found that he could never be an efficient surgeon. "Lamia," "Isabella," "The Eve of St. Anne's," and other poems appeared in 1820. "Endymion" had been published in 1818 and had been very severely reviewed. It was only after his death that the poetry of Keats received its due appreciation and it has constantly risen in the estimation of the literary world. His death occurred at Naples, February 24, 1821, and was the result of consumption.

## GO BACK TO EPSOM SALTS

Delicious now! Like drinking glass of lemonade

Instead of asking for the common Epsom Salts, ask for Epsomade Salts hereafter. You will get a big package for only 15 cents. Epsomade Salts look and act exactly like Epsom Salts, because it is Epsom Salts combined with fruit derivatives thus making a sparkling, effervescent, lemonade-like drink for the liver and bowels.

Take a tablespoonful of this delicious Salts in a glass of cold water when you feel bilious, sick, headachy or constipated and get the quick and splendid action of a dose of Epsom Salts without the horrible taste.

Epsomade Salts will replace the old Epsom Salts, Rochelle Salts, Sodium Phosphate and Cathartic Pills in every home, say local druggists.

## BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowels and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

## Physicians Explain Why Women Need More Iron in their Blood Today than 30 Years Ago

SAY ANAEMIA—LACK OF IRON IS GREATEST CURSE TO THE HEALTH, STRENGTH, VITALITY AND BEAUTY OF THE MODERN AMERICAN WOMAN.

Less than a quarter of a century ago: little or no effort was expected of the average woman and her quiet pursuits demanded far less strength, energy and endurance than now.

Refining processes have removed the iron of Mother Earth from not a woman but who stands ready to serve her country and do a man's work if needed. But to meet the strain she must be full of the life vim and vitality that come from having plenty of iron in the blood.

Dr. Ferdinand King, New York Physician and Medical Author, says: "Physicians should prescribe more organic iron—Nuxated Iron—to supply the iron deficiency. Opinions of Dr. James Francis Sullivan, former Physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, Dr. A. J. Newman, former Police Surgeon of Chicago, and other physicians who have thoroughly tested the value of Nuxated Iron.

Any woman who tires easily, is nervous or irritable, or looks pale, haggard and worn, should at once have her blood examined for iron deficiency—administration of simple Nuxated Iron will often increase the strength and endurance of weak, nervous, careworn women in two weeks' time.

Refining processes have removed the iron of Mother Earth from not a woman but who stands ready to serve her country and do a man's work if needed. But to meet the strain she must be full of the life vim and vitality that come from having plenty of iron in the blood.

Dr. Schuyler C. Jacques, former Visiting Surgeon of St. Elizabeth's Hospital, New York City, said: "I have never before given out any medical information or advice for publication, as I or others do not believe in the case of Nuxated Iron I feel I would be remiss in my duty not to mention it. I have taken it myself and given it to my patients with most surprising and satisfactory results. And those who are quick to increase their strength, power and endurance will find it a most remarkable and wonderfully effective remedy."

Dr. James Francis Sullivan, formerly Physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, says: "Thousands of persons go on suffering year after year, doctoring themselves for all kinds of ills, when the real and true cause underlying their condition is simply a lack of sufficient iron in the red blood corpuscles to enable Nature to transform the food they eat into brain, muscle, tissue and brain. But because of the lack of iron, the brain, muscle, memory fails, and often they become weak, nervous, irritable, despondent and melancholy. When the iron goes from the blood of women the roses go from their cheeks."

"In the most common foods of America, the starches, sugar, table syrups, refined polished rice, white bread, soups, crackers, biscuits, macaroni, spaghetti, tapioca, sago, farina, degenerated cornmeal, no longer is iron to be found.

Manufacturers' Note—Nuxated Iron, which is processed and recommended solely by physicians, is a secret remedy, but one which is well known to druggists. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach. The manufacturers guarantee satisfaction, and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed in this city by Wm. A. Bryant, Evans' and Rate Store, The Midland Pharmacy, and other druggists.

## Things you never dreamed could be laundered

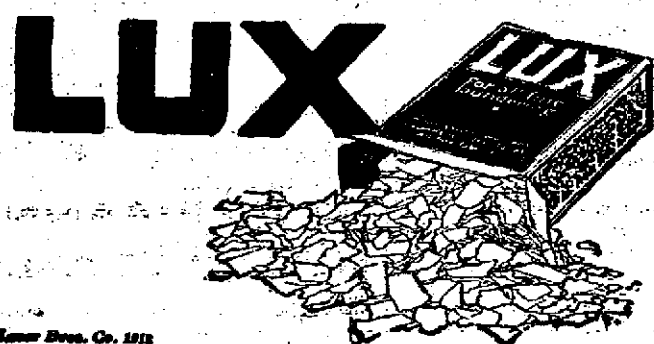

A few years ago, how you dreaded to launder your delicate things.

Today, who thinks of sending Georgettes to the cleaner's? or precious laces? or the most expensive sweaters? or delicate hangings? There's a better way, quicker, much less expensive.

You cleanse these things yourself—keep them like new with Lux, the modern form of soap. Things you never dreamed could be laundered, you now trust unhesitatingly to Lux, which whisks up into the richest lather and cleanses without rubbing.

Without the purity of Lux, delicate and unusual things could not be trusted to even this new way of washing. If water alone won't hurt a fabric, then Lux won't. Delicate colors come from the Lux suds as fresh as when new. If the water alone does not cause the color to "run," Lux won't injure it one degree.

Try Lux yourself. You will be delighted. Your grocer, druggist or department store has Lux. Lever Bros. Co., Cambridge, Mass.

## ABOUT PEOPLE

Erwin Conn, who for the past nine months has been doing government work at Norfolk, Va., spent last week at his home in Eddy street.

The condition of Mrs. Nellie Briggs, 295 Eddy street, who has been seriously ill with influenza, is slightly improved today.

A. J. Hile, 222 Rice street, is in a critical condition today with an attack of influenza. Mrs. John Hile and Miss Goldie Hile are convalescing after a severe attack of influenza.

Bart Hagme is convalescing at his home, West Church street, after a severe attack of influenza.

Mrs. Fred Hammond of 143 East Canal street received a card from her

cousin Charles Thompson announcing his safe arrival overseas. He is with Organization 409, Casual company.

## Milady's Boudoir

**The Bedtime Toilet.**  
The bedtime toilet of Milady's pink fingers is an important duty that no one, and especially who works, should neglect. For it is with those ten rosy fingers that she matches her skill against the broad winning world. There is little time, however, in the busy of the morning hours, for this fastidious task. The bedtime toilet, therefore, should be a thorough one and should be made in a kimono or a loose dressing gown, seated before a dressing table in a low rocker.

When the finger nails receive a little attention each day from five to ten minutes are sufficient, a visit to the professional manicurist is necessary only once a month. After the nails have received a certain degree of cleanliness, less time is required to keep them in this condition. They are always cleaned with an orange stick and the nail brush is also brought into play. Where the nails are stained a whisp of absorbent cotton is twisted around the orange stick, dipped in a bleach and pressed under and over the nail.

The cuticle is always pressed back to show the delicate half moon, and, where it is inclined to be sensitive, a little dab of cold cream will soften the skin and keep it from being irritated by the pressure, which should always be gentle. Where the tiny frame of skin is broken, hang nails are encouraged and they are most unsightly. As a rule it is not necessary to use the buffer more than three times a week. Too high a luster on the nails is not in good taste. Where it is necessary to employ a little nail paste to impart a delicate color, be sure not to get them too red, for this is at once in accordance with theatrical makeup and is, therefore, tabooed.

## Our Boys and Girls

There are certain fundamental facts that should be known in feeding infants. The first, and by far the most important, is that there is no real substitute for mother's milk. The next best food to it, however, is clean, cows' milk. Cleanliness, freshness, not over 24 hours old, purity and temperature from cow to customer.

All milk, not above suspicion, must be sterilized or pasteurized. This should be done just before feeding time at home, not one or two days before. Whole milk, diluted with barley water, oatmeal gruel or plain water, boiled, makes a majority of the average feeding requirements. It is simple, requires little manipulation and there is nothing to be added but sugar. That, as every baby has its individual requirements, each must be studied and its food modified accordingly.

Impossible.  
I wish I could see myself as others see me.  
Well, I don't know how to advise you. The looking glass won't turn the trick for me.—Kansas City Journal.

## ENGINEERS KEEP ROADS PASSABLE

Work Hard Behind Advancing Armies So Stream of Supplies Is Unbroken.

Advancing armies need good roads on which to move artillery and supplies and these good roads in war times depend largely upon the army engineer units. Most French roads were good until the Huns began to dump high explosives on them and now the allied engineers are kept on the jump keeping these roads passable.

Private Thomas Flannigan, son of Mrs. Sarah Flannigan, 722 Woods avenue is a member of C company, 101st U. S. engineers and for the greater part of the summer he has

THOMAS FLANNIGAN.

been in the front line zone keeping the roads in condition for the heavy army traffic.

In a letter written October 1st he describes some of his work. He says: "We went to the front March 31st and we have spent all of our time there with the exception of a few weeks in August. I have been in several different sectors. The engineers have a great deal of road work to do and when an advance is on, it keeps them real busy getting the roads into condition so the artillery and supplies can keep moving ahead. I have been over here seven months and I haven't even got a scratch."

"You would be surprised to know how quiet it is at times and it is often that way for several days at a time. We are in a good place now and have pleasant quarters. Have a fine every night. It gets rather cool here at night but we haven't had any frost yet."

"It is rather hard to get writing material sometimes and if you would enclose paper and envelopes when you write, it would come in handy. Enclosed you will find a little form that the German soldier has to write on, providing what he writes will pass the censor."

## SOCIAL EVENTS

The plan of the local Women's Music club, to co-operate in the collecting of records for use in the various military camps, was abandoned owing to the epidemic of influenza.

However, an effort is to be made to collect them this week, and Mrs. C. W. Miller, president of the club, announces that all families having records which they desire to give will take them to the Yockey music store, North Fourth street, and day this week.

Music is one of the fundamental forms of relaxation for the men in the camps, and it is hoped that a large number of records will be donated during the week.

Mrs. Donald Leith (Dot Woodward) left Monday for her future home in Seattle, Wash. Mrs. Leith had been the guest of her parents, Mr. and Mrs. A. I. Woodward, West Church street, for the past month.

**Davis-Tanner.**  
The marriage of Miss Blanche Tanner and Mr. Dean Davis was solemnized on Monday evening at the residence of the First M. E. church. Dr. L. C. Sparks officiating. They were attended by Miss Eva Morrow and Mr. John McGill. Mr. and Mrs. Davis will be at home in Newark.

## Every Day Etiquette

"When meeting a servant in the home of one of my friends on the street, is it proper for me to speak to her?" asked Maude.

"It would show ill breeding for one not to speak to any respectable person that you know when meeting them on the street. It is, however, the place of the servant to speak first, and, in such case, you should acknowledge the greeting," said her mother.

"Did you say ice cream? Why, I wouldn't know what it looks like. You can get most anything you don't want over here. Wish I had a bushel of apples. I could eat a half bushel. I got the Thornville News quite often. Sure is a help on home news. You ask about my washing. I do it myself. I take a scrub brush and scrub the life out of them. Some of the boys in France haven't tasted ice cream for so long that they have forgotten what it looks like, so writes Oscar Eoring of Bat. D. 394th Reg., Field Artillery to his parents, Mr. and Mrs. Allen Eoring of Thornville. He says:

## CADET STUDENTS ENJOY ARMY LIFE

Execute Military Evolutions, March to Mess and Eat in Real Army Style.

(Special to The Advocate.)

Granville, O., Oct. 25.—The very air of Granville these days is vocal with the orders to march, squads and platoons of student soldiers who are following several times daily with their military maneuvers. At mess call, too, the men form in lines on the hill, and on reaching the hall in Prospect street, they march in single file to receive their rations which are served in real army style, a thing uncommon in Granville. At present about 400 men are accommodated and they are having a taste of real army life.

The Denisonian remarks that many men under the impression that they are at Denison primarily to join the S. A. T. C., but according to Lieutenant Debel, commanding officer of the Denison unit, they have taken a wrong view of the matter. The government, first of all, wants men to attend college. The S. A. T. C. plan is to insure that such men as are eligible, shall be trained thoroughly and efficiently in case they are later needed for active service.

Mr. George P. McKelton has ordered her home in West Elm street as headquarters for the courses in nurses' training, which will be conducted by Mrs. Frank Ray, under the auspices of the Red Cross. The classes will be composed of not less than ten and more than twenty members. Already one class is beyond the maximum stages of enrollment and these courses are bound to prove exceedingly popular once they are launched.

E. P. Cool, chairman of the nursing in the Granville unit of the women's committee council of national defense and should be consulted as to requirements for entrance as probationary members into the various hospitals. She is equipped with the latest Red Cross literature on the subject. Phone No. 8544.

Mrs. R. S. Colwell is local chairman of the Red Cross committee in charge of soldiers' Christmas packages. The Granville township chairman women's committee council of national defense, has received several definite requests from the state committee at Columbus and as soon as the ban is lifted from public assembly halls will announce a meeting for the thorough discussion of ways and means of meeting the requirements.

The men of North street having completed the road work, and concluded that in order to put a good job into the Al class, another day's work was needed met and voted to donate teams, wagons and work and today they have all labored simply for the love of "better roads."

Mr. and Mrs. Fred McCollum have been ill for several days with influenza, and are conscientiously isolating themselves during their convalescence. Coach Livingston announces a football game in Beaver field next Saturday afternoon—Denison vs. Ohio Wesleyan. The game to have been played against Miami at Dayton has been postponed on account of the "flu" to November 16 when it is expected to be expanded into a great war demonstration.

The A. F. F. W. women, who are helping at the draft board, are self censored. No one with the slightest suspicion of a cold being around the long table seating half a dozen persons.

Professor and Mrs. Walter Livingston are entertaining at dinner this evening. Mr. and Mrs. George Stuart and Mr. and Mrs. Roy Morris.

Alfred Janney Johnson, younger son of Professor and Mrs. W. H. Johnson of Denison university, has been inducted into military service in Camp Zachary Taylor at Louisville, Ky., and will leave tomorrow for duty.

Mrs. Thomas S. Morris of Cleveland, formerly Miss Bertha Ellis, is visiting her mother, Mrs. Inez Malone, for a few days this week.

## THE MARKETS

### Chicago Grain and Provisions.

Chicago, Oct. 25.—Further bullish effects from Austria, idea to President Wilson developed today in the corn market as the full text of the document was not at hand during yesterday's trading. Opening quotations, which ranged from 1/2 to 1/2 lower, with November 1.22 to 1.23 and December 1.19 to 1.19 1/2 were followed by additional declines and then something of a rally.

Unfavorable crop reports from Canada gave comparative firmness to oats after opening unchanged to 1/2 of the market sagged a little more, but then made a complete recovery.

Provisions were neglected. In the absence of demand, prices went lower.

 in his buggy from over indulgence, as  
 he had his bottle on the seat beside  
 him.

**KRAUT AND LIMBURGER**  
**ARE PART OF CAR LOOT**

Alphonso Williams and Ernest Rock,  
 negroes, who have been held at the city  
 prison on the charge of breaking into  
 freight cars, were taken to Columbus  
 last evening by Detective McCormick,  
 of the Baltimore & Ohio railway, where  
 they will be arraigned before a United  
 States court. When several cars were  
 found rifled, suspicion pointed to the  
 negroes, who were living back of the  
 track along Front street, and Officers  
 Shaw, Harter and DeWitt were detailed  
 by Police Chief Jas. Sheridan, to  
 search the place. They found a varied  
 assortment of groceries, bottled drugs  
 and flavoring extracts. There were sev-  
 eral pairs of sauerkraut, and to make it  
 all the stronger—a case of Limburger  
 cheese. The men had been indulging in  
 the two latter dainties and the search-  
 ing had no trouble in taking up the "scent"  
 to where the stuff was concealed.

**Questions for Health Board.**  
 Editor Advocate—Where does the  
 present board of health get its divine  
 right to issue mandatory orders com-  
 peling club members to remain away  
 from their quarters and keep them  
 locked until a few men shall meet at  
 the back and call of one of its officers  
 and raise the ban? Where do they get  
 such authority, and who is to judge  
 whether they are competent to issue  
 such order?

Perhaps even the members of said  
 board are not aware of the fact that any  
 order issuing from them must have the  
 sanction of the state health board. Such  
 is the case and we doubt very much  
 whether that board issues any order  
 compelling the local board to close the  
 places which are the only homes for  
 many of our citizens.

We have investigated conditions in a  
 number of cities and in not one single  
 instance have we found respectable  
 clubs closed to their members.

Why should the local board close  
 these club homes where a few members  
 congregate and permit other places  
 open when "the" patients by the hun-  
 dred can congregate any day in the  
 week, or where scores of cars in daily  
 employment come in contact with hun-  
 dreds of others?

Interested.

## TAKE OUR ADVICE— GET YOUR NEW BLANKETS, NOW

You need blankets to keep you warm, and the few cool nights we have already had, make one feel that they may need them more this winter than ever before. You also know that blankets are scarce, so why not lay in your supply at once, because it will not be easy for us to duplicate when these are gone, and prices are bound to be higher, if we do get any more.

**COTTON BLANKETS \$2.50, \$2.95, \$3.25 & \$3.75 PR.**

Splendid qualities in grey and tan, with wide fancy borders of pink or blue.

**LARGE WOOL NAP BLANKETS \$5.90 & \$6.50 PR.**

Soft and thick. They feel like wool. Grey and tan with fancy borders. Also pink and blue plaids.

**EXTRA SIZE WOOL NAP BLANKETS \$6.90 PAIR**

Fine quality in white, grey and tan—with fancy border.

**WOOL BLANKETS \$8.50 TO \$16.50 PAIR**

AT \$8.50 PR.—A nice blanket in white with blue, pink or yellow borders. AT \$9.50 PR.—Another good blanket in large checks in grey—blue—black or green on white ground. Also plain white with fancy borders in light colors.

**BEAUTIFUL INDIAN BLANKETS \$7.00 EACH**

The styles and colorings are true to the Red man, and in the home they are very decorative for couch covers, cozies, corners, etc. You should see these striking designs to appreciate their beauty.

**BEACON COMFORTS \$5.90 AND \$6.50 EACH**

Made the same as blankets, only heavier and warmer. Just one sheet of clean, sanitary cotton. Warm and fluffy, and shown in pretty Jacquard patterns in pink, blue, tan and lavender.

**THERE IS NO MORE ACCEPTABLE XMAS GIFT—**

than a handsome Bath Robe for any member of the family. If you buy a BEACON BATH ROBE BLANKET WITH CORDS TO MATCH you will be sure to have a handsome robe, because of the rich coverings and choice patterns.

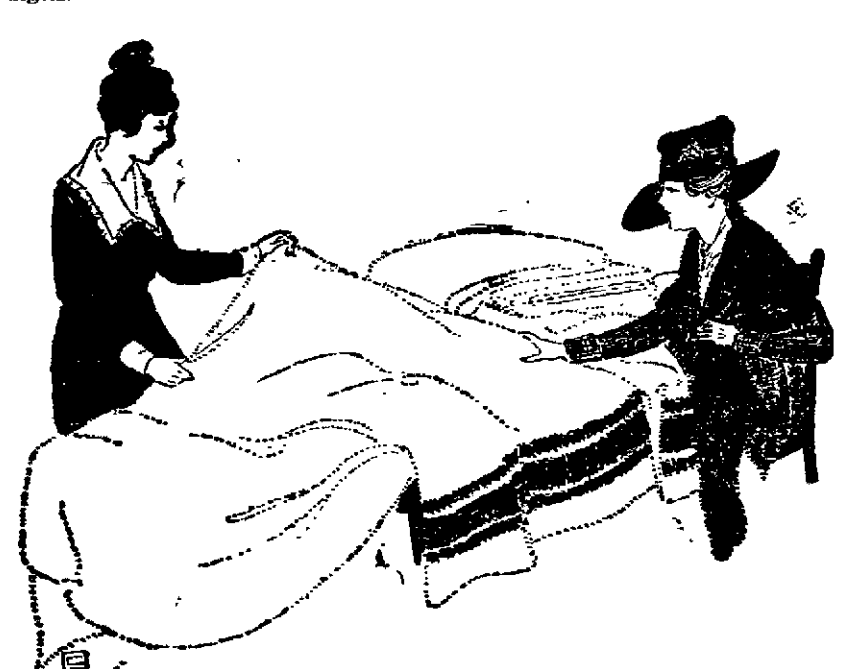

MAKE YOUR SELECTIONS NOW while the stock is complete, and there is time to make up the robe before the Christmas rush. Prices \$5.00 each

**YOU NEED AN AUTO ROBE, NOW, TOO—**

Motoring in the cool, snappy air these Autumn days, has many joys, when one is comfortably "tucked in" in a fine warm robe, our showing contains many pretty plaids in greys, browns and other serviceable colors. Prices \$1.50, \$5.00, \$6.50 up to \$20.00

**CRIB BLANKETS, \$1.25, \$1.50 TO \$2.75**

What a comfort to mothers to know the wee ones are tucked snugly away under warm blankets made of a cotton that may be washed as frequently as you like. Shown in dainty pinks and blues in attractive designs.

## ALLIES DECEIVE FOE ALONG PIAVE

**Make Feint In Mountain  
Then Shift Attack to Valley Where Gain is Made.**

(Compiled from A. P. Dispatches.)  
Suddenly shifting the direction of their attack, the Italian and British troops on the Italian front have crossed the Piave over a wide front and are driving a wedge into the Austrian line in the direction of the city of Oderzo.

When the Italian front flamed up last week, the storm center of the allied attack was apparently between the Piave and the Piave river. Between the Montello plateau and the point where the battle line leaves the Piave to Mount into the heights, there was some hard fighting and it seemed probable that the allied effort to break through would be exerted a northerly and north-easterly direction. This evidently was the view of the Austrian command which rushed troops in the Monte Pertica region and regained some of the lost ground in the first onslaught.

Then came the development of what seems to be the real attack. It was along the Piave river below the Montello plateau, where the Austrian armies met a terrible defeat last June and July. The river has been safely negotiated and official statements show that the allies are over three miles eastward of the stream and hold the eastern bank for approximately seven miles.

Oderzo is an important railroad center and its capture by the allies would probably result in an enforced retirement along the Piave river to the sea. It is also probable that a readjustment of the line northward would become necessary.

The French are developing the successes won by General D'Amboise's army below Trieste on Saturday and Sunday when the German line was pierced and the enemy was forced to retire from the sharp salient which he has been stubbornly holding. Reports indicate further progress by General D'Amboise in this sector and at the same time, it seems that the French forces along the line of the Aisne have resumed their attacks, which are intended to drive the Germans back on their lines of communication running in the direction of Hirson.

American units have joined with the French in this sector and have advanced upwards of a mile in their particular sector.

It would seem that the British south of Valenciennes have reached a point where the line of the Scheldt to the west may be turned. If Field Marshal Haig succeeds in forcing the enemy to evacuate Valenciennes, the advance of the British, French and Belgians in the direction of Ghent may soon be resumed.

An American long range cannon has opened fire on the important railroad line parallel to the German line north of Verdun. The distance of this road from the American line is about 15 miles. It is indicated that airplanes are being used in checking the work done by this formidable piece of ordnance.

East of the Meuse, American troops have tightened their hold on the positions won by them last week, while west of the river there has been constant pressure brought to bear on the enemy's positions.

**TRAVELS FROM TEXAS  
TOO LATE FOR FUNERAL**

Receiving word of the death of his brother, Harry Quinn at New Martinsville, W. Va., Frank Quinn, who is in camp at Ft. Logan, Tex., left for his home only to learn that the body accompanied by the family had left for Newark.

He came here, and while too late for the funeral, is visiting the parents at the home of Mrs. James Dennison, Lawrence street.

**OHIO MEN PRISONERS.**

(Associated Press Telegram)  
Washington, Oct. 29.—Names of seven officers and 43 enlisted men in German prison camps were announced today by the war department. Among them are: Lieutenant Howard W. Verwohlt, Tiltonville; at unknown camp; in good health.

At Limburg—Private John H. Nixon, Empire.

At Darmstadt (previously reported dead)—M. P. Stone, believed to be Thomas P. Stone, Lockland.

Rumor hath a thousand tongues, but credulity has only one pair of ears.

## WAR SAVINGS STAMPS

War Savings Stamp buying continues at a brisk rate this week, indicating that Licking county is bound to "go over the top" at a very early date.

At the close of business, October 24, their remained \$13,850 to sell in order to reach the county's quota of \$1,236,180.

The Newark postoffice sold \$1819 yesterday; the Newark Trust company, \$1579. The Kicker's Savings bank reports \$529; Peoples bank, Pataskala, \$147; Farmers bank, Uteah, \$161; Rankin National Bank, Newark, \$351; Alexandria bank, \$46; First National of Newark, \$223; Croton bank, \$972.

Additions to the \$1000 War Savings Society are: James O. Gore, 76 Cedar street; Carrie Carter, 108 Eleventh street; Charles O. Frush, 438 Cedar Crest avenue.

The price of W. S. S. advances from \$4.21 to \$4.22 on Friday of this week. Buy W. S. S. now and save money. At the same time you are helping your home-county to "go over the top."

Three million people in Ohio now own War Savings Stamps. Twenty-five of Ohio's 88 counties have already bought their full quota of W. S. S., and are still buying. Ohio's quota is 100 million dollars and the state committee says Ohio will go over.

Ohio is leading the nation, and Granville, Licking county, has a larger per capita sale of W. S. S. than any town in America.

Once more, as every month hereafter, War Savings Stamps increase in value at midnight of October 31. Can this be said of any other security paying so much and backed by so much as War Savings Stamps?

**OBJECTOR IS GIVEN  
25-YEAR SENTENCE**

(Associated Press Telegram)  
Camp Sherman, Oct. 29.—Following the action of military authorities in removing the quarantine regulations at Camp Sherman, and the steady improvement of conditions in the city of Chillicothe, the board of health, at its special meeting tonight, is expected to set a definite date for the lifting of the closing ban in the city. Thursday has been mentioned as the probable date for the lifting of the quarantine.

For disobedience to a superior officer, private Charles F. Schilling, recently transferred to the base hospital from the camp for conscientious objectors, has been sentenced to 25-years at hard labor with a dishonorable discharge at the termination of his sentence.

Latest official figures issued by camp authorities place the total death toll of influenza and pneumonia at Camp Sherman during the four weeks of the epidemic at 1,059.

**LOOK FOR SNARE IN  
AUSTRIAN PEACE NOTE**

Paris, Oct. 29.—"The capitulation of Austria," is the unvarying caption with which the morning newspapers precede Count Julius Andrássy's note to President Wilson. The editorials of the newspapers, while accepting this conclusion, urge caution lest there be a hidden snare behind the Austrian offer.

"Beware of the last convulsions of the colossal enemy," who is not yet completely crushed," writes Maurice Barres, in the Echo de Paris. "The situation will not clear until military defeat is acknowledged or inflicted. It will draw in its train the central empires, including Germany."

Alfred Capus, editor of the Figaro, and all writers agree there can be a question of armistice only on the terms set by the allies. Count Andrássy, they say, represents nobody, and, therefore, separate peace with Austria-Hungary is absurd and impossible.

Let the democracies of the entente maintain only one attitude: An armistice, first and all their conditions of peace afterward, but only afterward," says L'Homme Libre.

The Journal says: "There is a unique opportunity to lay down a reasonable basis for the future edifice of central Europe. The total dislocation of the Hapsburg monarchy threatens to strengthen Germany by the addition of 12,000,000 Germans and Austrians and as many Magyars. A center of gravity is necessary in middle Europe. This center can only be at Vienna or Berlin. What will happen if we put Vienna and Berlin in the same helmet?"

The pen may be mightier than the sword, but the bayonet has still more of a punch.

## EVERYONE LIKES THIS GOLD CURE

"Pape's Cold Compound" ends a cold or gripe in a few hours.

Your cold will break and all gripe misery end after taking a dose of "Pape's Cold Compound" every two hours until three doses are taken.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dizziness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffling! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Accept no substitute. (Adv.)

## AUSTRIA URGES PEACE IN NOTE TO WILSON

Basel, Oct. 29.—Austria, in her reply to President Wilson, accepts all the views expressed by the president in his note of Oct. 19.

Austria says she is willing and ready without "reserving the result" into negotiations, to negotiate a peace and an immediate armistice on all Austro-Hungarian fronts.

The text of the Austrian reply to President Wilson reads:

In reply to the note of the President Wilson of the 19th of this month, addressed to the Austro-Hungarian government and giving the decision of the president to speak directly with the Austro-Hungarian government on the question of an armistice and peace, the Austro-Hungarian government has the honor to declare that equally with the preceding proclamations of the president it adheres also to the same point of view.

Consequently, Austria-Hungary, accepting all the conditions the president has laid down for the entry into negotiations for an armistice and peace, no obstacle exists, according to judgment of the Austro-Hungarian government, to the beginning of these negotiations.

The Austro-Hungarian government declares itself ready, in consequence without awaiting the result of other negotiations, to enter into negotiations upon peace between Austro-Hungary and the states in the opposing group and an immediate armistice upon all Austro-Hungarian fronts.

It asks President Wilson to be so kind as to begin overtures on this subject.

The Austrian note is dated Oct. 23 at Vienna and is signed by Count Julius Andrássy, the new foreign minister. It is sent through the Swedish government.

## KERN IS DISCHARGED FROM ARMY SERVICE

Charles Kern, son of Mr. and Mrs. A. O. Kern, 172 West Locust street, has been discharged from the army owing to physical disability.

He has been stationed at Camp Sherman for the past year and was up for discharge, when he was taken seriously ill with influenza, followed by pneumonia. His mother was with him during his illness and returned to Newark with him yesterday.

**You Just Try  
NR For That  
Indigestion**

Get your organs of digestion, assimilation and elimination working in harmony and watch your trouble disappear. NR does it or money back.

**One Day's Test Proves NR Best**

The stomach only partly digests the food we eat. The process is finished in the intestines where the food is mixed with bile from the liver.

It must be plain to any sensible person who realizes this, that the stomach, liver and bowels must work in harmony if digestive troubles are to be avoided or overcome.

This fact also explains why sufferers from indigestion, also suffer more or less from headaches, biliousness and constipation.

If you are one of the many unfortunate persons who cannot eat without suffering afterward, if you are constipated, have bilious spells, headaches, coated tongue, bad breath, variable appetite, are nervous, losing energy and feel your health slipping away, take this advice and get a box of Nature's Remedy (NR Tablets) right today and start taking it.

Give it a trial for a week or two, and just see how much better you feel. See how quickly your sluggish bowels will become as regular as clock work, how your coated tongue clears up and your good, old-time appetite returns. See how splendidly your food will digest and how your energy, "pop" and "ginger" revive. Just try it.

Don't take no risk whatever for Nature's Remedy (NR Tablets) is only 25c a box, enough to last twenty-five days, and it must help and benefit you to your entire satisfaction, or money returned.

Five million boxes are used every year—one million NR Tablets are taken by ailing people every day—that's the best proof of its merit. Nature's Remedy is the best and safest thing you can take for biliousness, constipation, indigestion and similar complaints. It is sold, guaranteed and recommended by your druggist.
